

Serial No. 10/687,974
Amendment dated April 14, 2005
In Reply of Office Action dated December 14, 2004

Amendments to the Claims:

This listing of claims will replace all prior versions, listings of claims in the application.

Listing of Claims:

1-7 (cancelled).

8 (currently amended). A method for dosing reinforcing fibers in a mixing silo during manufacturing of fiber concrete, comprising:

- a) supplying the fibers in a continuous chain packing of sacks, the sacks being joined to each other;
- b) cutting open the sacks a sufficient amount and above the mixing silo so that the reinforcing fibers fall out of the sacks into the mixing silo; and
- c) conveying away the cut open continuous empty chain packing.

Amendment dated April 14, 2005
In Reply of Office Action dated December 14, 2004

9(cancelled).

10(original). Method as in claim 8, wherein:

a) the reinforcing fibers are arranged in the sacks in a substantially mutually parallel position.

11(original). Method as in claim 8, wherein:

a) a length of the respective reinforcing fibers corresponds substantially to the respective lengths of the sacks;
and

b) the reinforcing fibers are situated lengthwise in the respective sacks.

12(original). Method as in claim 8, wherein:

a) a length of the respective reinforcing fibers corresponds substantially to the respective width of the sacks;
and

b) the reinforcing fibers are situated widthwise in the respective sacks.
